## Speech by Barry Douglas at the S/M-Leather-Fetish Conference

Mellon Auditorium, Washington, DC  
April 24, 1993

Photos By Marcus-Jay Wonacott

(Barry Douglas was a member of the National Executive Committee of the 1993 March on Washington for Lesbian, Gay, Bi Equal Rights and Liberation and central organizer of the S/M-Leather-Fetish Contingent. This speech was delivered during the closing plenary of the contingent's national conference, attended by 1600 people.)

There are moments in history when opportunity presents itself, and we have to act. This is such a moment. S/M-Leather-Fetish people—you—and I—are part of a movement who's moment is now.

We can move forward. We can seize the day, or we party through it and let the time go by. Our opportunity will be wasted. Our movement will be remembered as a *fail*.

We last met in this hall in connection with the 1987 March on Washington. The main topics of discussion then were organizing and coming out. Well, we've organized. There are now hundreds of groups and our organizations can be found in both big and small towns.

And we've certainly come out. From the

book and movies, leather is hot. Now we've got to use this visibility and take action.

We don't need to look very far to see the problems. They come at us from all directions.

How did you feel a few years ago during the attempts to censor the art of Robert Mapplethorpe? I was incensed. On the one hand, here were sensitive, beautiful, and erotic images of people like me in museums. The public could see how powerful sensuality could be. Mapplethorpe photographed us and those pictures touched people and made them uncomfortable. I liked that. But others didn't. So not only were we in museums, we were in Congress, in the media, and

eventually, in court to keep us out of those museums. We were expected to be an easy target. But the attacks were answered.

Due to our organizing, especially during the 1987 March, the lesbian/gay/bi community leaders didn't run from us. In fact, they united to defend Mapplethorpe and the freedom of expression. The arts community knew how vital it was to not have these pictures suppressed. It was unanimous and very vocal in support.

The right wing expected an easy victory. After all, who could defend a picture of a man with a whip up his butt. But when the case was given to a jury in conservative Cincinnati, we won.

It was a huge victory, and it felt great. But it wasn't really a victory that we had much to do with directly. While the experience educated many people, the verdict didn't sustain S/M-Leather-Fetish people, it sustained the first amendment. And although S/M-Leather-Fetish people were

certainly in the battle, as a community we had a very limited response. We didn't come together to defend what was the largest assault on our lives up to that time. Our responses were local, limited.

I personally didn't feel better until the National Gay and Lesbian Task Force arranged for a group of us to go to the National Endowment for the Arts (the institution in the center of the controversy) to explain what S/M art was. That unprecedented briefing included a history of our movement and our lifestyle because to understand our images required an understanding of our lives.

Attending that meeting, being part of the solution, empowered all of us involved. Action was the answer. Action made a difference.

Since, we've had mainstream visibility. But our community has still failed to come together. We've formed lots of wonderful local groups and even a few large networks, but sectarianism and ego have kept us from really uniting to meet challenges. Today, we change that.

How did you feel when you first heard about the Spanner Case? Have all of you heard of Spanner? Men were sent to jail in England for consensual, adult S/M play. The evidence against them was their own private video tapes. The highest court in England ruled "sado-masochistic homosexual activity could not be regarded as conducive to the welfare of society." And these men went to jail.

Do you feel it's not our problem? Do you think it can't happen here? Have you heard of the Thunderheads? A private party near Boston was raided. Men were arrested; lives were ruined — for safe, consensual play. Did you do anything? Are you doing anything about Spanner?

It's not only a problem for men. In 1980, the National Organization for Women voted in open session that "sado-masochism is an issue of violence, not effectual/sexual preference." That resolution still unanswered by us effectively, lead to the open ostracism of S/M women by the feminist community. It is used as a justification for the kind of bigotry that reached it's peak in the suggestion that if S/M women were to

attend the Michigan Women's Music festival they should have bombs thrown into their tents.

And the deaths. How many have we lost to AIDS? How many to cancer? Yet there are only three AIDS response organizations in the entire country dedicated to S/M-Leather-Fetish men and not one permanent body dealing with S/M women's health. Compare those numbers with the numbers of titles we've created.

Maybe we've been slow to respond to our physical health crisis because of how we feel about our mental health. I'm sure that in your journey to acceptance of yourself as a leather person, all of you have met people who wanted to kill themselves because of their sexual desires. I know I have. But I've also learned that I really am okay. We can be safe, consensual, and sane. We have to spread that word so that the self hatred can stop. So that if someone seeks a therapist, it can be for real problems. So that the next time an Oregon Citizens Alliance compares sadomasochism to bestiality and pedophilia, we can respond loudly, proudly, NO!

I could list problems all day, but I guess what this all comes down to is this question: Do we have more in common that our desire to get laid? Should this community be organized around play parties or responses to the problems that oppress us? Do we need a contest system that uses our resources or active men and women making a difference? Are contests ends unto themselves or means to an end? Yes, let's play. Let's have fun. But if that's all we do, what have we done? How will we move forward?

## OFF THE TOP

You in this hall answer by your presence. You in this room are the activist. You have come from all over America, and beyond, to demand our government change the way we treat ourselves. Of course, we'll party together; we'll do fundraisers for a variety of causes. But we will also become a movement to end discrimination, to save lives, to earn the respect we demand.

I want to introduce some people committed to these changes. These men and women have agreed to organize and facilitate the projects begun here today. But they won't do it alone. All of us must commit to helping them.

Project coordinators are Race Bannon, from Los Angeles, on the Diagnostic and Statistical Manual Project; Carol LeMasters, from Columbus, on domestic violence; Holly Featherstone, from Columbus, on The National Organization

for Women; Maria Stevens, from Indianapolis, on Lobbying; Alan Chiras, from Northbridge, MA, on Men's Health; Shannon Kennedy, from Washington, DC on Censorship; Donna Shrout, from San Francisco, on Women's Health; Jan Hail, From Columbus, on Amnesty International; Dennis Lee and Philip Douglas, from New York, on People of Color; David Weinbaum, from New York, on Stonewall 25.

This is the beginning. There will be other projects. There will be many setbacks. But what we do will show who we are and how important our demands are to us. We can't let jealousies divide us. We can't let titles impress us. Accomplishment is the only criteria.

Equal rights means equal responsibilities. There are things to celebrate and things to change. The problems will come by themselves. Now let's work together to create the solutions.

*Thank you.*

## WHAT IT IS...

by Joseph W. Bean  
photos by Daniel Nicoletta

How many times in your life have you found yourself so excited by a documentary that you really couldn't wait to tell your friends? Maybe never, right? Hold on to your Sox! *Sex Is...* by Marc Huestis and Lawrence Helman is the documentary that never happens. It is that rarest of rare things, an educational entertainment

*Sex Is...* will take you down the pleasantest of Memory Lanes, and remind you that life can be as delicious as your best memories.

This remarkable video document begins with Jesse Helms. "How can you engage in sadomasochism," he questions, mangling the word as though to say it well would represent approval, "or homoeroticism, or people engaged in you-know-what [sex] without it being obscene?"

How do you follow an act like Jesse Helms? You follow it with *Sex Is...* That is, 15 homosexual men—described in the video's press material as "People of all age groups {19-72}, appearances, celebrity, color, HIV status, and sexual activity." And what do you have these 15 men do? You have them celebrate sex, expose joy, share fear, explain triumph, despise prudery, create themselves, remember their own sexual histories, imagine sex they will have, and tell everyone that they are okay about who they are and how they are sexual

But, if you are Marc Huestis and

Lawrence Helman, you don't stop with talking heads, no matter how interesting and attractive they might be. No, indeed. After you've collected 15 superbly conducted, exquisitely photographed, sensitively edited interviews, you intersperse the material with historic and illustrative footage. Not mechanically, but creatively, you show the viewer what fuck and suck and sadomasochism look like. You demonstrate male-male sexuality and the kinds of male attractiveness (not to say beauty) it refers to.

What else? Well, to make *Sex Is...* you'd also need wit, creativity, touches of genius, and a sound footing in the political history of gayness. Lucky you, and lucky me. We don't have to put our egos on the line or our skills to the test to produce such a tape. All we have to do is pop it into a VCR, and be open to the changes of mind and intent it will surely inspire

No, actually there is more to it. Once you've seen *Sex Is...*, you have to become part of the dialogue the video instigates. You have to wonder about sexual things you've taken for granted, and care about sexual things you've dismissed

*Sex Is...* is challenging, but its challenge is one we all need

In the opening sequence, the subjects all finish the sentence of the title. Sex is what? "Exciting, an intellectual force, love, sometimes bad, one of the best things, out of reach, what tells you all the things about yourself you never wanted to know... or," as Madame X answers, "Sex is me. I am sex."

Poet Wayne Corbitt—an SM player, a black man, a beautiful, soulful man, a PWA, and a great manipulator of the language—became the star of *Sex Is...* for me. Time after time, as he turns his poet's eye on the questions all the interviewees are discussing, he comes up with answers which can not be better than anyone else's, but are more piercingly eloquent

Still, what works the magic in this video is diversity deftly juxtaposed, as when the subject is bath houses: "I was scared," says one voice; "It was bliss," says another. And, on SM, Mark Huestis says it's "a rehearsal for death," and powerfully explains his position. Wayne Corbitt says that pain is positive and let's you know you're alive, adding, "SM to me is Sex Magic."

*Sex Is...* covers a lot of territory in 80 minutes. What sex means to these people, and by extension to all of us. What dating and romantic love and orgasms and celibacy mean. What AIDS is to us, and how, and why. And, in the end, *Sex Is*

Performance poet and playwright Wayne Corbitt is seen in *SEX IS...*

achieves what it set out to do. It makes strong statements that demand discussion, especially by people who, until now, have not been part of the conversation about what gay male sex is.

At the Berlin film Festival, *Sex Is* won the audience prize as the best gay film

Director Marc Huestis may be best known, until now, for his film *Chuck Solomon: Coming of Age* (1986)

#### HAIR IS

Hair per se is sexual to some guys, as witnessed by the success of *Hippie Dick*, a 'zine which sings the praises of long hair more than long dick. Hair removal, it seems, is sex to even more guys, but they've had to join clubs or wait for a kinky sex magazine to stumble onto their fetish. No longer!

We Enjoy Shaving, better known as the contact club W. E. S., now offers its newsletter, *Stubble*, in a "street edition" for non-members. *Stubble*, subtitled "journal of shaving and haircutting," will push buttons for the hard core fetishists, but it'll leave the uninitiated scratching their furry heads and wondering where the action is.

For example, in issue 86, the first "street edition," you'll find a hot story of Marine Corps recruits. They get buzzed, of course. Then a pair of DIs shave one guy, and threaten the rest of the recruits with similar treatment. Stop. That's it. The story really is hot, and I think it'll do the trick for the shaving and haircutting fiend, but it's no more than a set up for the rest of us.

Another story tells us about a boy finding his Master and being shaved to match the Master's other boys. Stop. And another, very similar tale sees a man

inducted into a leather club. Shaving is the initiation.

If *Stubble* interests you, you may find its new street edition in a book store nearby, but likely not. So, write to W. E. S., P. O. Box 6316, Reno, NV 89513. Editor Marc Andersen didn't tell me at what price you could buy or subscribe, but I bet he'd send you an issue or two if you contributed \$5.00 or so to his "labor of love."

#### BOOKS IS

Pardon me, but after *Sex Is...* and *Hair Is...*, I couldn't resist. The books of this subtitle deserve better.

Daedalus Publishing Company in Los Angeles celebrated the March on Washington by releasing two new books by an old friend of *Drummer* readers, Guy Baldwin.

One book is a new edition of Baldwin's popular *Leather Contest Guide: A Handbook for Promoters, Contestants, Judges, and Titleholders*. The first edition of the book, a spiral-bound effort with excellent contents was in need of an editor's attention. It is now replaced by the Daedalus edition which has been carefully examined and corrected. "Contests" retails for \$12.95 in a quality paper binding.

The other book is a collection of Baldwin's articles for gay magazines, primarily *Drummer*, and it bears the title of the author's *Drummer* column, "Ties That Bind." This collection will definitely include some material new to all readers since at least one piece was written for a magazine, but never previously published. Besides the *Drummer* articles—some of which were run under other headings than "Ties That Bind" of course—the book includes pieces written for *The Leather Journal*, *Frontiers*, *Checkmate*, and *Manifest Reader*.

Baldwin thinks, which is delightful. Better yet, he thinks clearly, and has tremendous resources of experience and education to inform and guide his thinking about SM, SM players, and SM relationships.

*Ties That Bind*, the book, will certainly take a place on the shelf of leathersex classics in every library liberal enough to include non-fiction.

"Ties" is edited by (the never overly modest) Joseph W. Bean, and introduced by (the Quartermaster him/herself) Gavle Rubin. It retails for \$14.95 in a quality paper binding.

# WORKOUT

**By Bud Harwood**  
**Photos By Rick Castro**

"Dammit," Bud thought to himself, as he walked into the gym. "Another hot summer afternoon, and the gym is already sweltering. No doubt about it, I'll be dripping with sweat as soon as I start my workout."

But Bud never let warm weather stop him from going to the gym. Ever since he'd taken up bodybuilding 15 years earlier, Bud rarely missed his five workouts a week. For Bud, bodybuilding was part hobby, part work and part pleasure, part obsession. And Bud's obsession had paid off.

At age 40, he was a handsome well-built man. He had curly dark brown hair with a few flecks of grey, a reddish brown moustache, and blue eyes. A little more than six feet tall, he'd filled out to 175 muscular pounds, which looked good beneath the tight-fitting jeans and tee-shirts he usually wore, but which looked even better without clothes at all.

Photo: By Bud Harwood

Photo: By Bud Harwood

Bud had become one of those goodlooking muscular men in their thirties and forties that he'd once fantasized about. And he liked it. But he also knew other men were better built than he was, better looking all around--particularly some of the straight guys at the gym, who had the added appeal of being macho and unavailable. The chance to check out all these straight hunks was the main reason that Bud worked out at this gym rather than the predominantly gay one closer to his home. Walking into the weight room, Bud looked around and decided that the hot weather wasn't so bad after all. "This afternoon, I won't be the only one sweating through my tank-top tee-shirt,"

he thought to himself with a smile. "And there's nothing like a damp tank-top clinging on some of these guy's muscular chests to leave nothing to the imagination."

Half an hour later, Bud was sitting on a bench, resting between sets of dumb-bell flyes, when he glanced over to his left and unexpectedly saw a bigger man sitting on the next bench, smiling at him.

"What's going on?" Bud thought to himself. This was one of his favorite hunks at the gym, one of his favorites

to check out on the sly. Other guys at the gym were taller. Others were more muscular. But only a few men fit together as perfectly as this

one: about six feet two inches tall, 195 pounds,

with huge well-defined shoulders, heavily

veined arms, and big furry pecs ta-

pering to a perfect 31-inch

waist which was covered with a

fine dusting of light brown

hair. And this guy even had a

great face, if you like handsome 36

or 37 year-old men with a full

head of dark blond hair, blue eyes, a

moustache partially covering sensual lips,

and a day's growth of beard.

Bud wasn't sure how to respond to the sexy stranger's smile.

"Did this guy catch me checking him

out?" Bud wondered. "Or is he just being friendly?" So, Bud innocuously replied. "Sure is a

hot day."

"Yah, sure is," the other man said in his deep but soft-spoken voice, and then added: "I'm getting tired of sweating here. I've got a workout room at home nearby. The equipment may not be as fancy as the stuff here, but the room is air conditioned. And we could spot each other. Name's Sam," he added, chewing slowly on his gum and smiling again at Bud.

This wasn't the first time that a stranger at the gym asked Bud

to work out with him. And he'd always enjoyed having a workout partner, because he liked squeezing out those extra reps, not to mention watching other guy's chest heave and his biceps strain to complete the final bench press or his thighs and ass flex during squats.

Bud especially liked the idea of watching Sam's biceps strain and his ass flex. So, still wearing his sweaty shorts and tank-top, he followed the blond hunk out of the gym, got into his car, and followed the other man to his house.

During the short drive, Bud wasn't thinking about the workout that they were

going to complete together. Instead, his mind was flashing on a kalei-

doscope of sexual fantasies, things he'd dreamed about

doing with bodybuilders since he was a teen-

ager, one fantasy after another and each

more detailed than the last. And he

wondered what some of his friends

would say later when he told them

that he'd been invited home for a

workout by a man who had broken

dozens of hearts and wet countless dreams

over the years. Bud's mind was racing faster

than his car when Sam's car suddenly turned into a

driveway and Bud pulled up behind him.

"Here's my gym," said Sam, walking downstairs into the basement that was

well equipped with weights, machines and floor-

to-ceiling mirrors on all four walls. "Make yourself at home," Sam called out, as he headed back up the stairs. "I'm

going to get a glass of juice, and I'll bring you one. Then it's back to the weights."

Standing in front of one mirror, Bud looked around the weight room, and wondered why Sam ever went to the gym with a set-

up like this. Probably to check out the girls, he thought, or to trade workout tips with other bodybuilders. Then, Bud started

studying himself in the mirror

He flexed his legs and as... Then he started admiring his pecs which were still pumped up from the earlier workout and easily visible beneath the sweat-soaked tank-top. And he studied his nipples—slightly aroused poking through the wet fabric which clung to his chest like a second skin.

"Hot. Real hot," Bud said aloud, as he flexed his right bicep and then gently tugged on each of his nipples with the fingers of his left hand. "Damn, that feels good," Bud said, as he reached for

his... nipples again, when suddenly he noticed Sam standing behind him in the mirror.

"Just as I thought," said Sam, as he set the juice on the table.

"And just as I hoped," he added with a mischievous smile. Sam wrapped his big arms around Bud's chest and then started massaging Bud's nipples, slowly and skillfully. "Yup, like that, don't you," Sam whispered in Bud's ear.

A barely audible "yah" was all that Bud could gasp under the circumstances. He was already lost in his fantasies—as he felt him pull at his already-erect nipples and felt Sam's rock-hard hairy chest pressing into his back. And Bud just wasn't feeling this man's body and

listening to his voice, he was watching the scene unfold in the mirrors, as if it were some extraordinary porn video and he was one of the participants. Bud was so excited that he was trembling in Sam's arms. "I've seen you before at the gym," Sam said, this time slowly rubbing the day's growth of beard on his chin against the soft skin of Bud's ear and neck. "But it wasn't until today that I was really sure about you. You got some nerve—with those big piggy nipples of yours wearing that tight tank top to the gym on such a warm day," Sam continued. "Why, the

moment that you started sweating, the tank top clung to your chest and you were advertising your big nips. Am I right?" Before Bud could answer, Sam let go of his nipples and slowly ripped the wet tank-top in half—exposing Bud's sweaty chest and nips to full view in the mirror, and Sam's powerful calloused hands. "Nothing turns me on more than a muscular dude with a pair of red-hot man tits," said Sam. Then, he started kneading each enlarged nipple between his thumbs and forefingers. And

no man has big hungry nipples like these unless they've been worked on. Over and over again. Right?

"And most nipple men don't stop with tit work," Sam added. "That's just the beginning. They have other fantasies, other needs. Am I right?"

Bud wanted to shout yes. Here were some of his most intense sexual fantasies come to life—and it was happening with a hunk that he had lusted over ever since he'd first spotted the man at the gym. But Bud was so stunned by what was happening that he couldn't speak. Sam didn't mind. He was a take-charge

guy who usually got what he wanted. And he kept talking, as he played with Bud's chest. "Yah, I'm really into nips," Sam continued in his deep voice. "But I can't seem to find men, really hot men, who want to get into a serious nipple work out, and beyond. I go to bars, but usually get pawed by 23-year-old boys looking for a muscle Daddy. So, I'm always on the lookout at my gym for someone who knows what they want, just like you are. Am I right?" Sam didn't even wait for a reply this time. He unwrapped his arms from around Bud's chest. Then he pulled

off his own tank top, flexing his big chest in the mirror and revealing his own thick protruding nipples which had been concealed beneath the loose-fitting fabric.

At the sight of Sam's chest, Bud came to. Although Sam was now going through his posing routine, Bud saw only one thing: two thick nipples poking through Sam's sweaty chest hair. Bud had to touch them. He walked up to Sam and reached for the fleshy objects of his desire.

Then it happened. All of a sudden, without a word of warning, Sam back-handed Bud. The lighter man's ass hit the mat on the floor with a thud. Then Sam walked over, quickly put his foot on Bud's chest, and with a shove sent him sprawling on the floor. "What the fuck are you doing?" Sam shouted at Bud, who lay on his back on the floor. "Just because you're into nipples, and I'm into nipples, that doesn't mean you can paw me like some muscle-hungry kid in a bar. You're better than that, and a lot hotter than that. Understand?"

Bud was in no mood—or position—to quarrel with the powerful barechested stud towering over him. And he wouldn't have tried, if he could have, because he was getting a hard-on as he gazed up at Sam's thick furry legs, tight midsection, rippling chest and arms, and flashing blue eyes. "This man is a god, a

man to worship." Bud thought to himself. "I'm calling the shots now," Sam said to Bud with a sneer. "And if you didn't know it before, you sure know it now. We didn't come back here just to get it on. We've got a workout to complete. We're going to finish that first, and then maybe, just maybe, we'll see about the other stuff." The faintest traces of a smile spread across Sam's lips as he extended his hand and helped Bud back on his feet.

Over the next hour, Sam and Bud pushed each other through one exercise after another, always four sets of 10 reps each. Maintaining a punishingly fast pace, their only rest periods were the time when they spotted the other man as he took his turn with the weights.

Bud had never worked out more intensely. Maybe it was catching his second wind soon after they started. Maybe it was Sam's words of encouragement, which sometimes were not much more than a whisper, sometimes a bellowing shout. Maybe it was his desire to win Sam's approval at any cost, no matter how much his muscles begged for a

rest. Bud's bare chest and arms were gleaming with oil and sweat. His muscles had never looked more defined. But finally, Bud couldn't go any further. He had forced just about all the strength out of his body; he didn't have Sam's awesome power and endurance. And Sam knew it, too.

"Heh, Bud, this has been one hell of a workout," he declared. "But before calling

it quits, let's each do some pushups—to the point of complete exhaustion. You first."

Five, 10, 15, 20, 25, 30, 35. Somehow Bud found the strength to grind out 37 pushups before collapsing on the gym mat. He was so tired that he didn't see Sam grab something from the cabinet on the wall and kneel down on either side of his prostrate body. Suddenly, Sam expertly handcuffed Bud's wrists together behind his back.

"Hey, what are you doing?" shouted Bud, with more weariness than anger.

"Stop the noise, asshole," Sam growled. "This isn't some candy-ass jerk-off fantasy. This is real. It's what you've wanted all those nights when you've put on your leather, tugged on your nips, and jerked off alone."

Then Sam helped Bud up on his knees, and pulled off his sneakers, socks, and gym shorts, leaving him naked except for his jockstrap. "Now, here's what you're going to do, and be sure to listen up, Bud, because I'm not going to repeat myself," continued Sam, as he reached two fingers into his mouth and pulled out his well-chewed piece of gum.

"I'm putting this wad of gum on the mirror at your eye level. You will concentrate on this gum at all times. Your eyes will never

look away. If you start looking around the room or at me, its all over. You'll leave. And whatever you do, you don't speak to me. Got it?"

"I'm going upstairs for a while now," Sam added. "But I'll be back." When Sam reached the top of the stairs, he looked down at Bud, humbly kneeling on the floor, with his arms handcuffed behind his back and his eyes fixed intently at the wad of gum on the mirror. "From the size of those nipples, he's into much more than just your every day cock-sucking and muscle-worship trips," Sam thought to himself. "He'll do just about anything to get those nips worked over, and I'm the man to do it."

After grabbing a beer from the refrigerator, Sam headed into his bedroom to change out of his gym shorts and collect his gear from the closet. He put on his black leather hood, leather pouch, engineer boots, wrist and arm bands which showed off the muscle of his arms so well, and his favorite chaps--the ones he never wore over jeans, just over his thickly muscled hairy legs. Then, he grabbed his black leather toy bag from the shelf, but not before throwing a stiff-bristled hair brush inside.

Only after putting on his leather, did Sam open his beer and start thinking about his plans for Bud. Sam took his time. He was one hell of a hot man, not only for his powerful physique, but also for his sensitivity to other men's sexual needs and his skill in fulfilling them. And he wanted Bud to kneel for a while and earn the pleasure he was going to give him.

After a second beer, Sam was ready. Standing at the top of the basement stairs, he glanced down at Bud, still kneeling in the position where he'd left him.

Sam walked down the stairs and dimmed the lights of his weight room. Bud knew his tormentor, his physical superior, his sexual fantasy come to life, had returned, but true to Sam's instructions, he never took his eyes off the wad of gum on the mirror. Suddenly, Sam stood behind Bud and came into view in the mirror. Wearing his black leather hood, chaps, pouch, and boots, Sam straddled Bud's awkwardly bent legs. Putting his hands on his hips, Sam stared into the mirror, directly into Bud's eyes. Bud quivered with that potent mixture of fear and excitement, but didn't dare look away.

"Bud, I know your knees are sore by now, that pain is shooting up your thighs, that it feels like you're kneeling on needles,"

said Sam. "But the pain will subside and feel numb shortly. Anyway, soon you'll have a lot more to think about and feel besides your knees."

Sam bent down and ran the tip of his tongue over Bud's ear, then along the back of his neck, and over to his other ear. Bud groaned, but never said a word. Then, Sam slowly licked the sweat from Bud's shoulders. At the same time, he gently began caressing Bud's inner thighs from his knees to his balls, being very careful not to touch his cock or balls.

Next, Sam put his hands on Bud's outer thighs and began to caress them, then slowly moved his fingers up to Bud's midsection and continued up to his pecs, being very careful never to touch the nipples. While teasing Bud's pecs, Sam looked down at the kneeling man's crotch, where his hard cock was trapped inside his gym jockstrap.

"Looks like somebody's got a hard-on," laughed Sam, and he ripped the jock down the middle, exposing Bud's cock and balls. "Don't get excited, Bud. Your dick is going to be good and hungry before it gets any relief."

Sam grabbed the hair brush from his leather toy bag. He gently started to brush Bud's skin, again proceeding with his sensitive inner thighs, to his outer thighs, to his stomach, to his pecs. As Sam slowly stroked Bud's hard muscled pecs, while avoiding the nipples, Bud groaned, and pre-cum began to ooze from the slit of his erect cock.

Sam moved the brush to the center of Bud's upper back, and he started to apply more pressure to the skin with each slow stroke. The dangling strand of pre-cum dripped longer and longer. Sam switched the rough strokes from Bud's back to his buttocks, and then to his innerthighs. Bud moaned again, and his cock started twitching from his thighs to his stomach. With each movement, Sam deftly pulled the brush up to Bud's chest, closer and closer to his nipples, which stood hard and erect, begging for attention. Bud's moans became louder--because of the pain of the brush bristles on his skin and because he realized that Sam was going to focus the entire scene on his chest and insatiable nips.

All of a sudden, Sam laid the hairbrush on the floor. Without saying a word, he quickly unlocked the handcuffs, moved Bud's

numb arms from the back to front, and locked the handcuffs again. Then, as if nothing had happened, he started massaging Bud's knees and thighs and then his firm rounded buttocks. Next Sam massaged Bud's shoulders and arms, and then his pecs, again cautious not to touch the pleading nipples.

Sam was a master at foreplay, the psychological as well as the physical, as Bud was learning. But Sam was also a master at reaching a sexual crescendo. And now Bud was going to learn just how good Sam was, and experience the mutual passions which had led to their unexpected meeting at the gym earlier that afternoon.

Kneeling behind Bud, Sam pulled off the leather hood and pouch, slipped a rubber over his erect cock, and lowered his dick to the entrance of Bud's hole. Through the head of his dick, Sam felt Bud's heartbeat as he rested against the other man's tight sphincter. But Sam didn't penetrate his willing victim's hole yet.

Playing with Bud's pecs, he whispered, "I'm proud of you, boy. I'm proud of you for not once moving your eyes and breaking your concentration on that wad of gum." With that Sam stepped up the assault on Bud's chest. The other man's moans were nearly continuous now, begging for something to be done with his erect nipples.

Reaching into his toy bag, Sam finally pulled out a pair of wide-mouthed tit clamps, which were linked by a piece of chrome chain. He pinched a large amount of skin around Bud's left nipple and clamped the wide mouth over the protruding flesh. Bud flinched, groaned deeply, but didn't say a word. Then Sam attached another clamp to Bud's right nipple.

Keeping his hard dick poised at Bud's sphincter, Sam admired his kneeling victim in the floor-to-ceiling mirror, and he savored the completeness of the man's submission. Then Sam took hold of the chain between the two nipple clamps. Sam pulled on the chain gently, then pulled a little harder, and then even harder.

At that point, Bud's regular breathing rhythm became a series of short spurts. His nipples were beginning to hurt, and hurt bad, even though he'd fantasized about this kind of scene for years. At that moment however, Bud didn't realize that his sphincter had relaxed, because he was concentrating on his sore tits.

Sam slowly slid his dick up Bud's hole and let up slightly on the chain between the two nipple clamps. With his right hand, Sam began to caress Bud's inner thighs, and then his muscular stomach, again being careful not to touch the erect cock.

When Bud resumed his normal breathing rhythms, Sam increased the pressure on the chain again, and gradually moved past the point where he'd stopped before. Sam stared at the mirror directly into Bud's eyes, searching their depths for indication of how far this man would go. And Sam watched Bud's eyes squint as he began to near his limit. Sam held the pressure at that level so that the other man could ride the crest of his pleasure and pain.

Then Sam slowly reduced the pressure on the chain until it dangled loosely between the two clamped mounds of muscle flesh. He reached his arms around Bud's chest and started hugging him, all the while keeping his dick buried deep in Bud's

bowels.

The pre-cum drooling from Bud's dick finally reached the floor. So, Sam took his left index finger, cut the ooze in half, and stuck his finger in Bud's mouth.

Then he suddenly removed the wide-mouthed clamps from Bud's chest. As Bud cried out, Sam pulled a pair of oversized alligator tit clamps from his bag and affixed the metal jaws on each distended nipple. At first, Sam let the alligator clips hang on their own, as he began to lick Bud's ears, neck, and shoulders. But as Bud's nipples became accustomed to the onslaught, Sam tightened the tension screw on each alligator clip so that the metal jaws chewed even deeper into the flesh. Tighter and tighter.

Bud finally reached his limit. His breath a series of short gasps. His eyes were squinting slits of pain. And the involuntary spasms of his ass muscles were massaging Sam's dick closer and closer to orgasm.

Finally, Sam grabbed Bud's hard dick in his right hand and stroked its veined shaft. With his left hand, he slowly pulled harder and harder on the chain between the clamps. Bud's heaving chest dripped sweat. His ass pumped harder and harder on Sam's dick. Finally, Bud opened his mouth wide and screamed, as both men's cocks exploded into orgasm...

A few minutes later, both men had finally stopped panting. Sam removed the clips from Bud's nipples and gently rubbed life back into them. He uncuffed Bud's hands, and pulled his flaccid cock from Bud's butt.

In their ecstasy, the two men embraced and rolled on the floor mat, kissing and hugging each other over and over again. The wad of gum suddenly fell off the mirror, but no one noticed.

## BOTTOMS

by: David Christopher

"I'm a bottom."

"Good, I love to fuck."

No

"I'm a bottom."

"I don't like labels." No, thank you.

"I'm a bottom."

"I usually am too, but I'm versatile."

I don't think so.

"I'm a bottom."

"Alright. I'm Top. Let's talk."

**BINGO!!**

This set of exchanges may show the type of man I am interested in, but that's not it's point. The point is that there are many definitions of what a "bottom" (or even a "Top" for that matter) really is. I can tell you what definition applies to me, but that's not to say mine is the right one. There isn't a right one. If you know me at all, you know I do not presume to be the one to tell you what I think. What I do know, and what this piece is all about, is some of the different meanings of the word "bottom". I am using my viewpoint to explain; agree with or don't, but look at my purpose, not my perspective.

Onward. Being a bottom is a very core part of my entire being. My first introduction to the world (used in this context) was also my first realization of it. I was in high school, and the person explaining the usage to me was assuming I understood that "it" referred to fucking when he told me, "The Top does it and the bottom takes it." This made perfect sense to me. I wanted someone to do certain things to me and for me to be expected to take it. At the time I didn't care to much about it. I like it, but there were too many other things I had wanted to give.

This brings us to the first group's definition of a bottom: the one who

gets fucked. Anyone whose top priority in a sexual encounter is fucking is in a completely different world. Sexually speaking. Fucking doesn't have any direct connection to the purpose of sex by my estimation. It is an optional road to stop in a very long journey. It's like taking a trip to the Grand Canyon for the mule ride.

Now the "I don't like labels" definition: a bottom is someone locked into a way of thinking and acting and allows himself no flexibility in his approach to a scene. Please! I am a bottom. It is unquestionable. I have played Top for other's enjoyment, but now that is as much a waste of his time as it is mine. Why should anyone loose out to make someone else happy when there is always someone out there who would be happy to indulge in the particular scene, leaving both parties satisfied. (This does not include people in relationships fulfilling occasional fantasies for the pleasure of their significant other.) I have never in my entire life had a fantasy in which I was the Top. NEVER. I have never in my entire life played the Top in a scene and been fulfilled. NEVER. So please, don't presume to tell me I am wrong to categorize myself. I didn't do it. God did.

I have fallen for the old "versatile" line once too often. I've never been with someone versatile enough to really be the Top, in one way or another, then play the bottom at some point in the scene. This makes me so uncomfortable, I can't tell you. I am not versatile, I don't pretend to be versatile, so don't try to make me play Top when I've been up-front about my head all along. Versatile should go with versatile, Tops with bottoms and bottoms with Tops. Don't mistake "versatile" with mutual. In my relationship there is a time for mutual play and I won't deny either of us that. To many versatile people, what they really want is to switch

back and forth within a scene. That's fine, I am honest about my desires and appreciate, though rarely get, the same in return. That's what I don't get. Why should anyone misrepresent themselves to go to bed with someone they are not suited to? I just don't understand.

Now me: a bottom is the one who has things that have been mutually decided upon done to him, or does what he is told after having agreed to what is within the realm of enjoyment for both parties. I don't want to be a slave, but I do want to be told what to do. And, most of all, I don't want to be manipulated, but I do want the most satisfying experience possible for both (or all) parties concerned. Accept what you like and go out (safely!) and enjoy it.

**A**sk anyone to name a city with a large Gay population and they will invariably mention San Francisco, West Hollywood, Provincetown, or Key West. But I write with an obvious prejudice. I'll name Chicago, the city that I love. In the springtime our streets and parks burst into fresh green, our hot Summers are moderated by cool lake breezes. Autumn lasts until December and the Winters just don't seem to be as unbearable as rumors make them. Our architecture is among the world's best, our lake the most inviting, our people friendly and tolerant. From the top of the Sears Tower, to the State Street subway. To anywhere in between, you can find most anything you're looking for. There's a lot to write about Chicago: Performing and

Lincoln Park, stretching as it does for the whole length of the city, offers a place to catch sight of your next lover. On a clear, warm day it's filled with baseball players, roller bladers, cyclists, just plain walkers, and lounge lizards sunning themselves at Belmont Rocks with not much more than a string bikini or jockstrap.

The whole city is alive with men. He'll smile at you on the "L" train, say "hi" as you pass him on the street. For here we combine the best of each coast with a relaxed and "down home" Midwest feeling. True, it's long history, there is an amazing diversity in Chicago. Elegant homes, desperate ghettos, parks and parking lots. Stroll along the lake front or cruise the allies of Clark Street. What you want is there somewhere.

Graphic arts, Museums and Science, Education, Recreation, Cinema, and Literature

But what I like most about Chicago is it's Men. I spend hours cruising them. Variations abound. Nordic and Germanic, Latins, Asians and Blacks. Tall and slender, robust, and hunky. This is the city of a hundred neighborhoods: Polish, Czech, Italian, African. There's Chinese, Japanese, White, Mediterranean, Caribbean, Thai, and Hispanic to name a few.

On a sunny afternoon, Boystown (Diversey to Addison, the lake to Sheffield), is filled with men of all ages, young ones walking on air with the sense of life, older ones watching and remembering

When you drive into Chicago from the Southeast, the Skyway lifts you high above our Southside and presents you with a stunning view of the city's skyline, dominated by the Sear's Tower and the Hancock Building. What you really feel, though, is the energy, the vibration of the place. There's something about the freedom of this big city. It offers you whatever you wish, never violates your own space, and ignores all your faults.

I still get a thrill when I see Chicago's skyline. Whether it's from an airplane approaching O'Hare or an auto coming from Milwaukee, Chicago beckons.

For many of us, that beckoning is clad in leather.

The leather scene is as diverse as the city's

citizens, combining the old and the new. Memories of the Gold Coast Bar and its basement jail cell are just as much in mind as last month's Full Moon Party at Deeks or The Manholes Underwear Night last week. There's a new Touche's up near Rogers Park (Clark & Devon) even while the old Touche's (Lincoln & Diversey) stands empty, a burned out shell.

I remember my first forays into the excitement of Gay Chicago. I would drive from Indiana and get a room in a hotel on the Magnificent Mile or in the Loop. I didn't know much about getting around in the city but I could find my way to the Gold Coast Bar.

Here I found what was forbidden in the "hinterland": openly Gay men attired in

Leather clientele. Things are quieter and the sex is both safer and more private. But there is still an active Leather community. The bars are just the door into it's life.

The Manhole hosts a younger crowd, often called preppie and sometimes despised by the traditionalist among us. The Manhandler is a mixed crowd with no obvious dress code, but a great back patio. Touche's carries on its Leather tradition of parties, contests, and after hours night caps. Tales still circulate about late night happenings in the back bar. Its northern location puts it at a distance from many of the more centrally located bars, but a trek to Touche's is still a common occurrence. A newer addition to the bar scene is Deeks,

the trappings of manhood and rough sex. In the same neighborhood were peep shows, bars with back rooms, and public (well almost public) sex. Chicago gave me an anonymity in those days, letting me explore the forbidden and the sensual: my fantasies. I asked around, of course, trying to get my bearings. Guys pointed me further north to Touche's. I remember its circular bar and the dark recesses on the second floor. It had a back patio, a great place to get a blow job. I was sitting at the bar one night when the bartender put six shot glasses in front of me. "They're from the guy over there," he said. "Each one represents a beer. He just bought you a six pack."

Today, Chicago has six bars that cater to a

where owners Paul and Keith maintain a leather/levi atmosphere. Their relatively easy dress code make it a haven for guys exploring leather but not into the rougher stuff.

That's not to say that Deeks isn't as Leather as the best of them. It hosts a monthly Novice Night, complete with lectures on techniques, demonstrations, and a great opportunity to meet others interested in our fetish. In addition M.A.F.I.A. (our local fisting society) meets at Deeks as well.

The first time I ever fisted a guy. It was in Chicago. I was cruising the halls of Man's Country and this guy came up to me and said what nice hands and hairy arms I had. He invited me to his room and spent half an

# LEATHER CHICAGO

hour trimming my finger nails. Yes, Chicago offered a boy from Indiana a lot to learn. It still does.

The AA Meat Market continues in a more traditional Leather scene. Its back bar may well be the dimmest in the city and it's dress code is strictly enforced once you move past the front bar and the pool table. The Gold Coast and the old Redoubt may be gone, but the action continues on Lincoln at AA.

And just last month, The Redoubt came back to life in a new location.

Some things haven't changed much in Chicago. We still have three Gay bathhouses (Man's World, Man's Country, and The Unicorn). They're quieter than they use to be, and still hard to find if you don't know where they are. But even a stranger can get to them if he wants.

Chicago's leather activity is more than just nights at the bars or baths. Our club scene is strong and presents an opportunity for every fantasy in the book.

The Rodeo Riders are into traveling and good times. Their western/levi themes are just as much a part of Leather Chicago as the whips and racks of our local dungeons. It would seem that The WindyCity Bondage Club is the largest Leather Club in the city because they are the most active of the men's clubs. Their name speaks for themselves. They host regular bar nights, monthly parties with lectures into the finer points of restraint. They're a group that is

easier to get in touch with. Members are quick to invite you to be their guest Membership, though still not wide open, is less restricted than that of more traditional clubs.

Chicago's Leather scene isn't limited to the Gay scene either. The Chicagoland Discussion Group, though predominately a hetero group, welcomes people of any sexual orientation. They host a monthly open forum where men and women share experiences and information. There are other monthly meetings, closed to the public, where we can assume they do more than talk. For the curious, CDG is a good place to start.

The "grand-daddy" of all our clubs, and one of the oldest continuously meeting Leather Clubs in America, is the Chicago Hellfire Club. CHC has a limited membership roster, but boast an international following of over 300 associate members. Because of its longevity, the CHC has garnered resources that make it enviable: its own clubhouse with a full bar room and lounge and a fully equipped play area that has a complete jail, several slings, various racks, crosses, and stocks, as well as miles of chains, ropes, and restraints.

The CHC members present innumerable ways to learn about and get involved in SM. I host a monthly discussion demonstration group called Novice Night at Deeks. The format is kept easy-going, and there isn't

even a dress code. We hope it's the kind of atmosphere that will make the un-initiated feel welcome. It's a good place to lose one's status as a novice.

Continuing a long tradition of education, the CHC hosts a monthly SM university at AA Meat Market. Their "curriculum" is more advanced, with an introductory talk on a Friday night followed by full day of workshops, a dinner, and Saturday night party. Speakers from all over the world have been the featured guests as SMU. The various other clubs frequently hold forums and workshops as well.

I've been to the clubhouse several times. It's a great place to stand and watch. Stocks and racks line all fifty feet of the north wall. On the other side is the jail and beams for suspension. And one need not only stand and watch. There are a lot of men waiting their turn to serve or be served.

Masters are made in this room and slaves learn what it means to take it. But there's always a Dungeon Master to maintain safety. You know that here you will be pushed, but never too far, stretched, but not to breaking.

The clubs and their members are safe and sane. This is Chicago and we look out for each other. That's what clubs are for. Chicago is also the home of the International Mr. Leather Contest, a yearly event that selects International Mr. Leather, sponsors a wide range of seminars and speakers, lasts

longer than the whole Memorial Day weekend, and is the excuse for an incredible number of parties throughout the city. Even O'Hare Airport becomes a full leather show as hundreds of Leather men and women converge on the Windy City for this world class event.

Our other famous Leather event, the annual Hellsfire Run, sponsored by CHC, is staffed by their associate members and held across the lake in Michigan. This Labor Day extravaganza has grown so large that it's held twice! You can hope to get an invitation to the first two days or last two days of this four day event. As with many of the parties we Chicagoans host, it's by invitation only, but it doesn't take long for us to get to know you and make sure your name gets on the list as well.

The national clubs are represented here as well; Leather United and the National Leather Association both have active chapters.

Two local Gay magazines feature locally written Leather columns. The fact that local publishers give regular space attests to Chicagoan's high interest in leather and the strength of the Leather community. No trip to the Windy city is complete without a visit to Male Hide Leathers. One of Chicago's Leather Landmarks, Male Hide used to be housed in the basement of the Gold Coast. Fortunately it survived the Gold Coast's demise and has become somewhat of a local Mecca.

Male Hide carries all the toys, clothes, and accessories one can imagine, including a basement full of restraints, dildoes, paddles, and SM paraphernalia. It's first floor is filled with jackets, boots, chaps, vests, in an assortment of materials. Beside leather there is plenty of spandex, latex, and levi. In a similar vein, but more oriented to the straight sex market are two other shops: Cupids and Pleasure Chest. They both offer a wide variety of sex toys, videos, and clothes, proving that Chicago is the place to shop.

But I've already admitted to my prejudice. Come to Chicago and find out for yourself what a Leather town we really are.

## SACRAMENTO LEATHER ASSOCIATION PUTS MONEY WHERE THEIR COMMITMENT IS

(l-r) Ms. Sacramento Leather, Jennifer Boyd; Mr. Sacramento Leather, John Yant.

Four very diverse charity organizations in the Sacramento area were recent recipients of donations from the Sacramento Leather Association totaling \$1,390. All funds were raised at some major leather events including the Mr. & Ms. Sacramento Leather contests. Several criterion were used including financial need, community standing and individuals they serve. An important factor was identifying "under-funded" services of particular value to members of the Leather/SM/Fetish community.

Hope House makes available affordable, accessible housing for those with AIDS. The Center for AIDS Research, Education & Services (C.A.R.E.S.) provides early medical evaluations, treatment and education, gives clients the skill to remain healthy and productive longer. The Positive Social Support Newsdigest (PSSN) is published six times a year providing current treatment, policy and trial information as well as a social connection for those who are HIV+. Women Escaping A Violent Environment (WEAVE) has developed a domestic violence and sexual assault outreach and counseling program especially

targeting the Lesbian and Gay community. There is a difference between Safe, Sane and Consensual SM play and the physical and emotional trauma of abusive relationships.

"Together, these four charitable organizations symbolize some of the proudest achievements of our diverse community. The caring, compassion, and determination shown by their efforts reflects most highly on the character of our community in the face of difficult times. We are honored to be able to help sustain their work, and we thank them for their tireless dedication and sacrifice."

## LA LEATHER COMMUNITY TAKES MAJOR ROLE IN LESBIAN/GAY PRIDE FESTIVITIES

The involvement of the Los Angeles area Leather communities seem to be making great strides toward this year's Lesbian/Gay Pride weekend. This will be a great opportunity for those of Leather/SM/Fetish persuasion to display and inform the Gay community at large about our sexuality and lifestyle. On Saturday, June 26th, a show entitled *This Is Leather - An Invitation to Fantasy*, will take place at 7PM in West Hollywood Auditorium. Comedienne, Shan Carr, a past reigning IMsL, will MC this free event featuring leather, SM and fetish fantasy performances. Comedy, Entertainment and erotica will be blended to produce a show that will be both fun and informative. In addition, a Leather Community booth will be at the fairgrounds extending information and contacts. Also, the Leather/SM/Fetish contingent will have their own entry in the parade. If you are

interested in participating with the Leather contingent and/or on motorcycle, call the National Leather Association at (213) 856-5643. Volunteers are also being sought.

## STARS MC 2ND ANNIVERSARY

On June 11 through 13, Stars MC of Albany, NY, will be holding quite a celebration commemorating their 2ND anniversary. Several east coast clubs will be joining them for what should be a very hot weekend. In a nutshell, there will be public and private banquets, a leathermart, and a lot of fun play! There are several ticket packages, one of which is sure to jive with your budget. Call (518) 433-0901 for information and reservations. Congrats to Philip Jackowski, President and to the Stars MC membership!!

## THE VIKINGS HAVE LANDED!!

No, this is not New Hampshire in 1100 AD! The latest organization promoting Leather/SM has established itself in Manchester. The Norsemen (a Leather fraternity)! Although most of their activities will be concentrated within the state, any able-bodied men interested may join, no matter what their location might be. Only one kind of membership will be available which entitles all members in good standing with unlimited participation in all events, equally. A newsletter will be published on a regular basis with information on up-coming events. No "home bar" has currently been established in hopes of promoting increased attendance at several Leather/SM positive bars and Gay clubs in the greater surrounding area. A main goal of the Norsemen will be "to de-emphasize the drinking-party runs and promote regular gatherings at a variety of locations with more emphasis on essence and substance and less on attitude, boozing, exclusivity, image enhancement and public strutting." To get more info, write: The Norsemen, P.O. Box 556, Manchester, NH 03105 or call (603) 641-3450.

## LET'S GO TO SUMMER CAMP

Well, it's that time of the year to get your "gear" in order for summer camp, camp for sadomasochists, that is! This is the fifth season of summer camps, organized by SMil, Northern Europe's largest non-profit SM organization. The past two years, these camps have been held on converted farms with overwhelming success. Summer camp is for anyone interested in SM and all are welcome regardless of sexual orientation. However, summer camp is not for those who are looking for sex with minors, animals or people who lack respect for their counterpart. Experientially, one gets out of this what one puts into it. Attenders may wear anything from a full set of armor down to a suntan and even though no particular style is emphasized, the more bizarre your outfit (inside the camp, of course) the better! The program features Leather workshops, SM and safe sex lectures, a slave auction, food, parties, conversation as well as good old fashioned SM. Summer camps are available during July and August in the beautiful Danish countryside and just 20 minutes from a major city. For details write: SISC, P.O. Box 188, DK-8100 Aarhus, Denmark. Do it now, it is later than you think!

# DAY AT THE

Even in San Diego you don't see many military uniforms out in public. When you wear the thing 36 hours a day the last thing you want to do is take them home with you.

That's why I was surprised to see the marine at the Zoo in his cammies. I supposed he had just gotten off duty and had stopped by the zoo to pick someone up on the way home. In a way, I was right. He was looking to pick someone up all right, but he hadn't gotten off yet. I was to help him take care of that.

The San Diego Zoo in Balboa Park is one of the best in the world. I'm on a carrier out of Alameda, but whenever we pull in to San Diego, I always stop in to visit the animals. Spending four years on a Navy ship gives you a certain sympathy for zoo creatures. I was especially sympathetic when I saw Mike lounging against a tree over by the gnus. His hands were in his pockets, his cute little cammies cap was pulled down over his eyes so he looked something of a cross between John Wayne and James Dean: a soulful, modern-day, misunderstood killing machine.

Squids have a long history of loving marines -- hard and often. Mike would have attracted my notice regardless of what he was wearing, but something extra-special about the way his gaze slid seductively out from beneath his cap tripped my built-in asshole alarm. Walking down the slope in his direction, I felt his eyes scanning everything I had but my blood type. I was dressed in a t-shirt and shorts, but grunts and squids can't hide from each other. Before I got too excited, though, I wanted to see what he looked like up close.

He was choice. The baggy cammies hid a lot, but the way his ass flared out against the tree from beneath his blouse was the best recommendation a young marine could have. Butts are the first thing to go when the body starts to flab up. Mike's jutted out hard, firm and inviting. Something subtle about it promised experience and a meaty hunger rolled up into two, compact mounds of mean marine muscle. My dick awoke from a week's hibernation and began twitching at my shorts, ready to romp.

When I got close, I saw his face was an added bonus. His head was almost square, but his blond hair and pug nose and strong jaw

seemed at once Teutonically tough yet begging to be tamed. His mouth was on the small side with a Ricky Nelson lower lip, but I knew I had just the thing to stretch him into shape. I couldn't figure why meat like Mike had to lounge about in the park to find love -- or why the Seventh Fleet wasn't lined up waiting to choke on his load. But I knew enough about the military service to volunteer. By the time I reached him, my shorts were stretched painfully tight across my crotch and his punkish pout had turned to a leer. When I asked if he had a place, he turned and started to walk down the slope, away from the gnus. At first, I wasn't thrilled. I don't mind the occasional midnight roll on the beach or even a romp on the sands at Black's Beach where you entertain only your own, but it was 1400 on a Saturday afternoon. The park was clogged with kids and other civilians who didn't need to get caught in the crossfire once we started shooting. Heading for a john or a bush for a quick fuck wasn't my style. Besides, the truth is I'm a noisy fucker. Public or not, I followed that cammie-clad ass halfway to forever, down a little trail that wound into a canyon separating the Zoo from Balboa Park proper. The vegetation turned wild and then completely took over, shutting out the sun and making progress difficult. When he came to an open clearing in the hillside, my marine finally stopped beside a huge tree that forked at the ground, one trunk growing straight upwards until it lost itself in the canopy overhead, the other twisting out at ground level for five feet or so until it started its march upward toward the sky. Mike had obviously been there before. The effect, snuggled away in what might have been endless forest, built a little alcove against the hillside, complete with a view across the narrow canyon and a love seat formed by the massive trunk. Even standing beside me, Mike was nearly lost in the jungle background. From a distance he'd be invisible until he shucked his cammies. Fortunately, the chirp of birds and occasional rustle of squirrels promised that only the gods were there to watch what happened as I pulled my thick nine inches of service member out of my shorts. Marine Mike had stood silent, feet spread, waiting. Once he saw what I had, he collapsed to his knees at my feet, one hand pulling off my shorts as his face slid hard enough into my crotch to knock his cap off his head and shove my naked butt back against the hard bark of the love seat. The bark was as rough as Mike's tongue and, trapped between the two, I discovered how unyielding nature could be. He started low,

licking up my thighs like a kid with a melting chocolate cone. His blond, Corps-cut hair bristled against one leg as his face worked on the other, sliding his tongue deep up between my ballbag and thigh, slurping up into the tight, musky fold of my crotch.

I lifted one leg slightly to give him room to work, but he took advantage of my kindness, snaking his tongue back below my balls to worry away at the crack in my ass. He flicked and fluttered against the back of my nutsack, so I tried to help out by lifting my leg higher until my heel was resting across the trunk like a ballerina with an exercise bar. By then he was below me, slurping at my balls as they hung low and heavy, clogged with two weeks' worth of American naval prime. His nose dug away at my butt until I turned my back on him in self-defense and leaned my chest across the tree, ready for anything. If he was a typical manne, my virtue was safe; if he wanted to fuck me up the butt, I was ready then and there.

As I expected, he had laid out another plan of attack. I felt his fingers, ripping at my buttcheeks, prying open the way for his tongue. His high cheekbones pressed hard against my low ones as his nose snuffled its way along my ass-crack and his sandpaper tongue followed along behind like a frenzied platoon of piranha. When he hit bottom, all I could do was wrap my arms under the trunk and hold on as the jungle started to spin. One wave after another of mind numbing, gut heaving bliss swept up my spine and through my consciousness. I felt his lips lock low around my butthole and start sucking — first lightly so his lips collapsed onto my pucker, then harder as his tongue began dancing about the wrinkled edges of my hole. His face was all the way up my ass now; his hands clasped tight to the front of my thighs. As he grunted and snuffled away, some remote partly-functional corner of my brain recorded occasional images of a brief, cool breeze wafting up the canyon to chill my sweaty flesh or woodland sounds or the leafy dapple of sunlight against the ground. Mostly, though, I remember his marine need to feed. The feel of his cammie-clad arms on my legs. The strong feel of his huge hands on my thighs. The rhythmic back-and-forth motion of his face as he kept fighting to hold his victory against my butt as it countered with one muscular shudder of animal delight after another. Most of all, until my final hour I will remember the feel of his wet, bumpy tongue drilling its way up my asshole. Not content with a sly wipe down my crack, he prodded and poked, screwing the tip of his mouth muscle deep past the first folds of my butt to get at the heat that lived within me.

I fought to hold onto full consciousness, but there has always been something about the feel of a tongue up my ass that sends me straight into brainlock. I didn't pass Go. I gave the \$200 a miss. While Mike licked my asshole raw, I just hung onto that tree trunk, my eyes shut and mouth open in a long, low, eternal moan of pleasure. Like some bad sci-fi space alien, man's most ancient instinct took control of my body, wriggling my ass up into that hot young manne face, fucking myself up his tongue until his whole head seemed to be up my butt. Of course by then I didn't feel his tongue or the lips sucking away at my hole. I didn't feel his massive hands or even the rough texture of the bark scraping across my flesh as I writhed and twisted in mindless delight. In a very real sense, sensation was too civilized a concept for me. All I knew was the perfect glow of contentment. Centered on the tongue sliding snicker-snack in and out of my asshole, that glow spread by easy stages to

every fibre of my being until time itself slowed to a stop and might have been some prehistoric creature, frozen, stingless, in a sweet sea of amber. His honeyed glaze grew thicker and more seductive until I slipped beneath the sticky golden surface in delicious, sublime surrender.

If Mike's jaw hadn't locked up on him, I'd be there still, wrapped about that rough tree trunk, entranced as by a wizard. As it was, it took me a while to recover after he pulled his tongue out of my ass. Gasping for breath, I twisted about to lie against the trunk. I guess marines don't need to breathe; mine certainly didn't waste much time. My weapon was no sooner within range than the grunt slut swooped down to cock my hammer. I looked down as I felt his wet lips slide across my dickhead. They quickly skidded through a river of pre-cum his tongue had coaxed up from my depths and kept on skidding — all the way across my head, over the hump on my corona, and down the seven odd inches of my shaft. His lips crashed to a stop around my thick base, but his cute little pug nose didn't even want to stop there. It twisted and pounded onto my stiff, rust-colored pubes as though he could tear free another inch or two of dick to suck.

He didn't need it. My egg-sized dickhead was buried in Adam's apple deep down his gullet. I felt his hands spread across my ass, smearing his face into my crotch and scratching his deepest, most primitive and secret itch with my cum-slit. I slipped my hands down to the back of his blonde head, delighting in the Velcro texture of his cut and the sensual streams of sweat that poured from him in the stifling summer stillness. He was snuffling and grunting again — or maybe it was me. I distinctly remember a racket and hoped we were far enough from the crowds so they wouldn't hear our animal noises and wander down to investigate.

Unfortunately for my memoirs, my brain was too busy enjoying life to take notes here either. I can't give you a blow-by-blow account. I know I latched onto his cute ears and unconsciously used them to slide his foxy face up and down along my pole, slamming him harder into my crotch with every stroke. I know I felt his pouty lower lip scratching at the top of my balls. I know his cock sucking throat clenched and stroked at my swollen member like a 110-volt milking machine operating on 440. Mainly, though, all I felt was good. Inside the tight warmth of his throat, my aching bone seemed to dissolve away as sensations came too quickly for mortal nerves to carry good news past his lips. Instead of my dick and his throat, I felt only warmth and pleasure and a fierce vortex of suction that lured my guts down into his bobbing, grinding marine maw that slid up and down my thick nine inches of throbbing pleasure.

Then I made the ultimate mistake. I let my hip start slamming forward to meat his face. My ass instinctively began clenching at the front of every stroke, driving my load up to its doom. I listened to the slurpy grunts and growls and felt the texture of the forest around me and eased an eye open to see his Apollonian head and cammie-clad manne body dangling off the end of dick. A marble statue couldn't have held back its load so what chance did a lust-struck, nature-loving squid on liberty in San Diego have? I felt a howl rip upward from the very depths of my being to keep a week's worth of Naval spooze company on the way off the launching pad. Mike was a manne; he knew how to swallow spunk in style. My dick had been buried far enough down; Mike's throat it could claim out-of-state residence; but when he felt my balls clench and heard me going

off, the bitch eased his face off my bone enough to pop my head out into his mouth. His tongue tore into the underside of my dick while he did a perfect rag-doll impression with his head, grinding the top and sides of my shank against the back of his mouth. Not only did I get the living cock-snot pulled out of me, but the sadistic slut managed to tear loose every nerve in my joint while he was doing it

I screamed and spooaged and clawed and just fucking held on until I was sure he'd finished taking my load. It took some time for him to suck the lumpy white worm up from my balls, but I did eventually splash down and collapse again against the trunk of the tree. Mike slid back down to latch his lips around the base of my joint and then slid upward, careful not to miss a drop. By the time he'd picked up his hat and stood beside me to say an awkward farewell, licking his chops like the cream-sated pussy he was, I knew I wasn't nearly ready for the afternoon to end

He probably couldn't wait for me to leave so he could take out his crank and beat off. The taste of my jism still rolling fresh across his tongue. Like most mannes, he didn't expect any help from me. He expected me to splash and run. Unlike most squids, though, I love to give as much as I "lust" to take

My hand had no trouble finding his dick, and the stunned look on his face was worth the Denver mint. He stood silent, as on parade, while I pressed his dick against his body. His huge hand clasped itself across mine by way of consent and fellowship and thanks. Now it was my turn to sink to my knees, but his gear was harder to get through than my shorts. Unbuttoning the blouse, unbuckling the belt, and freeing that glorious uncut piece of marine meat from his pants took some time; but I was enjoying my afternoon at the zoo just fine. I slid a hand up underneath his t-shirt and across his flat, hairless belly. As his trousers dropped with a brass clank to his ankles, I moved my other paw around to cup the classic ass I knew would feel marine hard and ready for action

But first I had to tend to business. His cammies had kept the day's sweat alive and well inside his crotch, brewing up an man-musk my tongue couldn't resist. Now it is my turn to lap the sweat from his balls. When he was marine clean, I pried his dick away from his belly and took my time memorizing what I saw. The thing was a fucking masterpiece. Mike was only about 5'9" so his dick was an inch or so shorter than mine — but just as thick. His real bonus was what I didn't have: the softest, foxiest, meatest foreskin any young squid could hope to suck

Sweet, clear dick lube must have trickled from his dick the whole time he was doing me because his 'skin and shaft were both soaked with the stuff. I tied him up with my tongue and then tore into his cocksock, swirling around inside to scaph down every particle of his pure, unadulterated, prime vintage man-musk. If his crotch had been fine, the scent of man I discovered locked inside his dick were worth a Nobel Prize. I lost track of the groans he was making as I slurped and sucked my way along his joint. My tongue slowly stripped back his "skin" until his soft, purple meat was at my mercy. Then I went in for the kill, stroking down all the pole he had. My hands on his ass pulled him farther and harder into my face until his butt started clenching in rhythm to my suction and I knew I was about to taste on a fine load of manne cream.

I was wrong for once. The bastard suddenly leapt back, taking his dick with him. I looked up, hoping he was going to be stupid enough to waste his load by pumping it out himself. He looked

confused and half embarrassed, but then for the first time, he spoke and was a classic grunt; "We can do. . . You can chow down if you want, but first. . . Could you. . . Why don't you. . . While you're still hard, would you — fuck me, please."

The poor sap's tone was about halfway between a beg and abject tears. What can I say? The guy had just given me the blowjob of the year. Could I turn him down and make a grown manne cry?

I haven't disappointed one yet. I've been around enough grunts, I should have known what he wanted. He wanted it hard up the butt and, fortunately for both of us, I didn't mind helping out a service member — his or mine. By the time I'd gotten to my feet, I had slipped into the butch D.I. persona he needed to yield his ass to. A rough hand on his shoulder shoved him over the tree trunk. His gorgeous marine-built bubble-butt crested toward the sky and took my breath away. I slid a hand between his cheeks to feel the heat of his need and enjoy his hard mounds of muscle before I rammed my way through.

My fingers slid along a thick layer of sweat until they found his fuckhole. A single touch sent him into a rolling spasm of shudders and moans and dirty talk. I longed to take my time, to treasure his ass the way it deserved; but I knew that wasn't what he wanted. I pinched his pucker between my thumb and index finger and pulled upward, making him squirm like the slut he was. And my fingers tore into his hole, I decided to fuck with him before I fucked with him: "No, on second thought, I'm not about to get jarhead shit on my dick. Let's call it a day — but thanks for the blowjob, cocksucker."

The look on his face was almost as classic as his ass. I had to laugh and leaned over to tongue-fuck his ear while I played with his shithole. Between the action his ass was getting and the toll my mouth was taking on his sanity, he was already having a good time. I was slurping the sweat off the nape of his thick, clean-shorn neck when I got yet another idea I knew would ring his jarhead chime. I saw that his dog-tag chain had worked its way up above his blouse. I'd thought briefly about making him strip out of his uniform, but the idea of doing a marine in the uniform of his country appealed to me even more than doing him out of it. He obviously got off on my fucking the Corps and him at the same time. His dog tags were a different matter. Grunts feel about their tags the way squids feel about their nuts. When I latched onto the chain and pulled his tags out from under his blouse and on over his head, I expected him to shit. He looked plenty worried, but we both knew I was in control. I glanced at the tags long enough to remember his name and then made his fucking year. I wrapped the beaded chain around my dick and balls like a pervert's handicraft project, looping it here and tucking it there. When I was finished, Mike's USMC cockring had swollen my already mean meat to world-record size and was putting enough pressure on my nuts to slip the San Andreas fault. Best of all, his tags dangled below my balls, hanging against my thighs like GI wind chimes, clanking at the slightest hint of motion.

"You have any last words, manne?" was all I said as I kicked his legs apart and slid my dick into position. He gave a half-grunt/half-whimper that begged for a hard ride. That's what he got. I slammed my swollen purple monster against his tight manne ass and was nearly through on the first try. He was so hard that even bent over with his ass to the sky, I had trouble working my way past his championship gluts. I eased back a moment and dropped a huge dollop of spit into his crack. My

dick slid through the mix of my spit and his sweat until I was sure I was lubed enough to get inside. I'd hurt him like living hell — but if he was man enough to stand it, I was, too.

I grabbed the shoulders of his blouse and used them as reins on my second attempt. My hips arched backward and then slashed forward again, drilling my savage stake into the heart of that manne's hard young body — I felt his butt straining for a fraction of a second, my monster meat was too much for him to take — but he took it anyway. Before my pelvis slammed into his ass, the first several inches of my joint were up his shit-chute and drilling deeper. The chain around my crank felt fucking weird, but the jingle of Mike's tags between my legs and slamming into his bails as I did him up the ass were a classic rush — as if I needed an extra one just then.

I gave my meat a few seconds to set up housekeeping and then went to work. With other squids, I'm the world's gentlest guy. Since mannes don't want gentle, I give them hard. I was more turned on than I had been in years. What I could see of Mike's body were reason enough, that beautiful butt, the classic uncut dick, the farm-boy face with his cute little ears and pug nose, and a hundred other tiny things too small to mention but impossible to miss. The idea of doing him hard in his cammies was that much better. Add the kink of having his precious fucking tags wrapped around my 'nads and clanking cadence, the forest primeval setting, the scent of sweat and musk and sex in the air — well, I was one happy camper. Normally I do mannes a little rough; I got carried away.

As my dick ripped faster and harder through Mike's straining butthole, he couldn't help grunting every time I hit bottom, and jolted the fuck out of his liver. I pulled up on his shoulders, dragging his ass harder into the line of fire so I could ream him even cleaner. One hand dragged the collar of his blouse back against my face so I could nip at his neck as I used him up the ass. His tight butt arched out and up, giving my dick a perfect angle, and I made the most of it. When I got the range on his prostate, I really went to work, recalculating my fire solution on every brutal stroke, pounding it to jelly and making Mike love life. Sometimes I'd slam my dick so far up his ass the chain wrapped around my base would stop me. Now and again I'd pull my dick out on the up stroke, just for the brutal pleasure of stretching Mike's shattered fuckhole twice more — once popping upward from the inside and again as I slammed my meat home where I belonged.

The CLANK-CLANK of his tags as I drilled him faster gave me my best idea yet. The slut was barely conscious now, a bundle of hard muscle held together only by the need for the meat I had to give. Every nerve he had was stretched to the breaking point, like any classic bottom, he was rapidly slipping toward the mindless contentment I'd felt with his tongue up my ass. The last thing in the world he needed was something to keep his mind occupied. That's why I gave it to him. If you've seen marines jogging along early in the morning you know how hard they get over counting cadence. I ordered the buttfuck to count cadence for me and he knew he had to obey. The problem was, of course, he couldn't think. Instead of letting himself slip gently into a fuck-fugue that would mercifully ease the intolerable burden of his pleasure, he kept trying to concentrate on his cadence and, as a consequence, felt every perfect fuckstroke slashing up his tight manne ass.

He didn't believe I really expected him to perform, but I fucked some sense into him. Soon he was trying, grunting through

clenched teeth what I took to be attempts at poetry. The CLANK-CLANK of his tags, the SMACK THWAP of sweaty skin against hard muscle, and the cruel SWOOSH of my butt-buster splitting open his ass drowned out most of his rhyme, but he did try. Something like

1-2-3-4

Who's the tightest fucking whore.

5-6-7-8-

Ream that hole, don't hesitate.

doesn't even scan right, but Mike had other things on his mind. Now and again he'd forget and slip into long, drawn out drivel like "Yeeeeeeeeeeeeeeeeeeeeeeeeeeee" or "Jeeeeeeeeeeeeeeee!" but an extra-vicious jab up the bung got him back with the program. The flip side to all this shit I was giving him was that I wasn't able to let myself go, either. Probably for the first time in my life, I was fucking a prime hunk and keeping my wits about me. Looking back, I can remember the incredible feel of Mike's shithole stroking along my blood-gorged joint. I remember the chain biting into my bails and the slick feel of his guts as I slid through them. I remember a hard wall of muscle somewhere up his ass that kept snagging my dick on the way by, and most of all, the way his butt twitched and torqued on my tool while I did him. Most of all, though, I remember the solid THUD of our bodies slamming together as Mike grunted his cadence and his tags kept counterpoint.

I'm surprised I lasted as long as I did. When I finally knew I couldn't hold off another moment, I picked up my ramming speed and fucked Mike's body back over the tree trunk, nailing him down like a pile driver run amok. I had one hand back under his t-shirt molesting a hairless tit and the massive pec it crowned. My other kept his neck in a head-lock, then I lost control. About two dozen thrusts later, as his guts were filled to overflowing and my nuts felt about to fall off, I discovered I'd clamped my teeth into the back of his neck like a tomcat. I untoothed him, slowly undicked his ass, and wiped my glorious messy meat back and forth across his ass while he collapsed over the tree like a pricked balloon.

Yes I did finish sucking his dick. Yes it was even better than I'd expected. No, as good a cocksucker as I am, I don't think Mike really enjoyed blowing his load down my throat as much as he did getting mine up the ass. Go figure "grunts."

We tried for about twenty minutes to get his chain off my dick, but finally had to break the thing to do it — the chain, that is, not my dick. I had plans for my dick. Mike had to make formation later that day at 32nd Street, but we made arrangements to get together the next afternoon. When I showed ten minutes early back at the tree and discovered the slut had brought a friend along and had already stripped him buck naked and tied the fucker to the trunk with his web belt, I knew that Sunday wasn't going to be my day of rest. They don't call young grunts "Lance Corporals" for nothing, you know.

## HOW TO PLACE YOUR AD IN DEAR SIR:

We accept ads, and changes to ads, only in writing. Sorry, we cannot do this over the phone. Submit ads on the form on the facing page or a copy of it. If you can't bear to cut up your issue of *Drummer*, and can't make photocopies, send us a note and we'll mail you copies of the form.

**Box Numbers:** \$5.00 buys you a *Drummer* mail box for the life of the ad. Even after your ad expires, we will continue to forward replies forever—as long as we keep getting letters. (So, keep us posted if you move.)

**Phone numbers:** You can put your phone number in your ad for immediate response. **WE WILL ONLY PUBLISH VERIFIED PHONE NUMBERS.** Here's how to put your number in your ad:

Mail in your ad. (Don't forget to include the \$2.00 phone verification charge.) About two weeks after you mail the ad to us, you call us at (415) 252-1195, during business hours (10:00 am to 5:00 pm Pacific Time, Mon.-Fri.) Be at the phone number you are placing in your ad. We will call you back to verify the number. If we have not verified your number within three months, we will publish the ad with a box number instead of a phone number.

You only need to verify a phone number once. Once it has appeared in *Drummer*, just attach a copy of the printed ad to your new ad if you wish to use that telephone number again. We will not publish voice-mail service numbers in personal ads. Don't forget to include your area code.

**What else?** Put anything you want in your ad, except references to minors, animals, prostitution, or drugs.

Expect about a 60-day delay from the time we receive your ad to when it appears in print. Remember, it takes time for people to respond too. So, for example, if you're looking for Christmas presents, it would be smart to send us the ad at least 120 days before Christmas. Also remember replies by international mail may take longer than domestic mail.

## HOW TO REPLY TO A DEAR SIR AD:

How to reply to a *Drummer* box number: Answering a *Drummer* box number is easy, but the few rules we have are hard and fast, so observe them or else. 1) Seal your letter in an envelope on which you have written the box number on the back flap in pencil. 2) Put your return address on the envelope if you wish the letter returned to you should there be some problem with delivery. 3) Put the proper postage on the envelope: domestic postage is 29 cents for the first ounce, and 23 cents for each additional ounce. Letters going to Canada and Mexico cost 40 cents for the first ounce, 23 cents for each additional ounce. Foreign overseas postage is 50 cents for the first half-ounce, 45 cents for the second half-ounce, and 39 cents for each additional half-ounce. 4) Put the sealed letter(s) and a buck (\$1) forwarding fee for each letter in another envelope, and mail it to: DESMODUS, INC., P. O. Box 410390, San Francisco, CA 94141-0390. Letters not properly prepared will be destroyed.

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service can not return undelivered mail without your return address. Keep in mind that people do move, and their needs and desires do change.

## JOIN THE LEATHER FRATERNITY

Membership has its privileges: a 12-issue subscription to *Drummer* and a free 10-line classified ad (as measured on the grid order form) in *Drummer* that runs for 12 issues. Leather Fraternity members also do not pay for a box number or pay forwarding fees when they write to Dear Sir box numbers. Members may change their ads up to three times (non-members may not). A Leather Fraternity box number for your ad is included in the \$120 membership fee. And, from time to time, Leather Fraternity members are offered other benefits.

**Add it up:** A *Drummer* subscription costs \$70. A 10-line personal ad running 12 times would cost \$354. No mail forwarding fee? No box fee? So, even if you never use the forwarding service, you're saving at least \$328.00 by joining the Leather Fraternity. Do it.

Just use the grid order form on the facing page. Your subscription will begin with the next issue we ship, and your ad will begin usually two issues after that (there is always a 60-day delay from the time we receive your ad, or a change to an ad, and when it appears in print).
